SATURDAY, October 3.

Captain Bissel

Mr Burr. You have heard the testimony of Dunbaugh; I wish you to state every thing that came within your personal knowledge, how he came off; whether on my application or by your direction- Did you receive any message from me by Mr. Hopkins ? A None further than a billet you sent me on the morning of the 26th. It was delivered to me by Mr Hopkins, he was introduced to me by ar Fort, who had been previously introduced to me by a merchant of New Haven Mr Fort walked up with him and took breakfast with me-I had then heard of col. Burt's acquittal in K entucky & supposed he was peaceably descending the river.

Mr Wickham send the billet in the following terms,

Mouth of Cumberland 25th Dee.

DEAR SIR, I avail myself of the opportunity of Mr Hopkins to offer you salutations and the compliments of the season;

Having proposed to descend the river in a few days, I shall have the pleasure of pay ing my respects to you on the way, and o receiving your commands for the south

I am deer sir, Very respectfully, Yr Obt St.

A. BURR. Capt. Bissel, Commanding of Fort Mas-

MR. HOPKINS.

Mr Burr Did you receive any other letter from me besides that? A None, I had a little conversation with mr Hopkins, none about col Burrs passing the garrison. On the evening of the 29th was the next information that I received, Mr Tyler arrived with his barge, they took supper with me, after supper some of the gentlemen said they must return to col. B who would stay in the bend above all night. I invited some of the gentlemen to take a pallet with me which they agreed to. Col Burr's boats retired to bed when the centinel hailed a. loud. I arose and undressed repaired to the Fert, some one said that col Burr's bears were passing, I thought this a singular thing after I had been told that col B would stay in the bend above. His boats went down to the bend or bayou a mile below the Fort. When I returned to the house I found that Tyler had gone to the baats.

A It is, I have seen boats steved on the rocks in that part of the river. i rose soon in the from Dunbaugh while he was at Baton morning to pay my respects to col Burr I went down in my boat and was introduced into his room. Linvited him to breakfast which he declined, I invited him to dinner, but he declined all my civilities. He asked me if I had received any news from below I replied that I had not. He then informed me that gen Wilkinson had made a compro mise with the Spaniards. He said he was sorry for it; and that gen W ought to have

It is proper Louis by the way of the lead mines, and he would not. whether he could procure an express. I and that I had thought of sending a messen. ger, and Dunbaugh to be that messenger, bear his expenses Donbaugh might go.

Mr Burr. Is it not impossible to get a express in that part of the country? A It. is. There is no population in the neighborhood of the garrison. The Indian title is: just extinguished. They are just surveying the land, but it is at present a mere military post

Here Mr Wielium read the letter in the following terms-

If you will give scrit. Dunbar a furlough for 20 days, I engage that he shall lost the use of one of his fingers --- This conform to the terms of it.

Very respectfully, Your ob't servit.

L. BURR. Mr Burr. Was Dunbaugh inspecied A He was, and mustered too. Q Did he show his clothes? A He did. Q Did you tell him to borrow any cloches in which he was to appear on parade? A I did not. His own clothes were then there, and are now in his own box at Fort Massac. He wanted to carry his clothes, but I forbad him. I gave him this forlough with a pointed order to return at the end of 20 days.

Sergeant Jacob Dunbaugh of my company has leave of absence, for twenty days from date, at which time he is to return to this gar-

Mr. Hay. Is this the turlough tha you gave? A It is, but there is some endorsement on it of which I know no. thing, Mr. Hay. Ave! That is some writing of judge Bruin's.

Mr. Burr. Have megistrates a right to enlarge furloughs? A I know of no such

thing in the articles of war.

Bruinsburgh 23, January. Sergeant Jacob . Mr. Hay. Had you any previous 20. quaintance with colonal Burr? A Yes, I had seen him at fort Massac in general Wilkinson's quarters. Q Did you know that Dunbaugh was going down the river. A - Yes, I gave him permission; and such had been my confidence in col. Burr, and such my ignorance of the movements in the western country, that had he asked me for a serieant and six men, I should have indulged him. Q When you gave him this furlough how far down the river did you expect him to go? A I supposed not lurther than Madrid. However I do not recollect that I gave him any particular instruction, as to that point, because he was to return at any time within twenty days.

> Mr. Hay. You say that he was your confidential serjeant I'A He was. I raised him from a first corporal. He was illitarate and I requested him to learn to write. Perhaps I had set copies for him myself. O You had a good epinion of him then till lately? A I had.

Mr. Wirt. I see in Burr's letter that Did you understand that he was going by them? A Oh! No; I supposed that he was going down the river to New Ma drid; perhaps to bring back letters. I knew nothing of col. Burr's movements. Q Did you conceive that col. Burr gua ranteed his return? & I had but a short conversation with col. B. for I was at that time busy. Dunbaugh applied to me for a furlough, but he had before applied to me for one to go to New Madrid. Q Then I understand you did not rely on Burr's guarantee? A I cannot say. When his billet was put into my hands, I was engaged on parade; and I believe I told Dunbaugh that I would see about it,

Mr. Mckae. I thick you said, that you knew nothing of this excedition? A I had With serrow I take Penia heard that col, B. had been tried and ac-Dunbaugh when he applied for the furcol B. had also applied for him to go. . and give him any private instructions, as his testimony states. Fort Massac January 19th, 1807. DAN'L : BISSELL, Capt. Commanding.

(Endorsement.)

I do hereby certify that the within advertisement among several others of the same tonor and date was handed to me by Captain Die niel Bissell on the morning of my departure from Fort Massac 1st of February last-which advertisements I distributed in the Territories of Mississippi and Orleans. I do further certily that Captain Bissell requested me to make use of every exertion in my power to have the within mentioned deserter apprehended, Clyen under my hand, this 28th day of July at Nashville, in the year 1807.

THOS. A. CLAIBORNE.

When Dunbaugh overstaid his time, I wrote to some of my friends, among the rest to lieut. Hughes, requesting him to report to gen. Wikkinson the desertion of Dunbaugh; lexpressed the great confidence I had had in him, my anxiety lest he should have been deluded away by the followers of cal. Eurr, or lest he should be sick . If he was sick, I requested Mr. Claiborne to furnish him some money; if he was not, totadvertise him as a deserier. Mr. Hay. Have you any objection to produce that letter! A. I will look at it and then determine.

I presume it would be unnecessary to state the civilities which have passed to and from col. Burr. On Butler's trial I was frequently with him in the morning. He had been acquainted with Mrs. Bissell from a child. He had sent her a barrel of apples from the mouth of Cumberland; and she had returned some little thing or other, such as preserves. Judge Tedd.

Colonel Burr. Did col. Lyoch submit to you for your opinion the title papers of Bastrope grant? A Col Lynch shewed me the title papers on which he said the grant was founded. Col. Burr. Did he say any thing about my having acquired an interest in it? A No. Col. Burr. Did you give any opinion as to the title ? A I was not sufficiently informed of the laws of the territory to give any decided opinion. I discovered the grant was founded on a con tion which fit was said had not been complied with, and I was rather inclined to doubt its validity.

Colonel Burr. Were you in Kentucky during the summer of the last year? A I was Colonel Burr. Was there a good deal of alarm among the people? A There was. Col B. Was that owing toany acts which I had done? A I saw publications in the prints stating that preparations were making of boats and provisions in the state of Ohio; a publication also appeared in the " Western World," under the signature of an " Observer," which excited a good deal of alarm. Colonel Burr. How many years have you been a resident of Kentucky ? A Ever since 1786. Colonel Burr. Can you state what has been the general reputation of gen. Wilkinson for the last four or five years ! A For the last four or five years I have never seen gen Wilkinson.

Mr. Wiet His reputation as to what. Colonel Burr. As to integrity and truth A Inever heard that questioned. For the last twelve months there has been an unfavorable opinion against him ewing to his chicial and public conduct ; but I never heard of any thing further against him, but what related to his official, and public conduct. There have been publications and republications circulated injurious to him, but whether true or false I cannot say.

Mr. Wirt. Do you recollect what kindof an instrument Bastrop's grant is ! A Not of the kind I have u cally seen. The instrument is from the government of New Orleans to Bastrop, granting him so much land, on condition that he would settle somany families upon it; the government of Spain to fornish them with provisions for such a length of time. I understood from col. Lynch that the government had not complied with the condition on its part.

Mr. Hay. Do you recollect whether the time for the performance of the condition had clapsed? A Yes; it had clapsed. Mr. Wirt. Did Lya: h shew you say thing deducing his title from Bastrop? A No; but he said his title was regularly de.

duced from Bastrop. Mr. Hay. Was it the original or a copy of the grant you saw? A It was the eriginal in the Spanish language,

Mt. Thomas had been informed that it usual for the door keeper himself to also. point his deputy. If this had been the wise heretofore pursued, he hoped it old be-adopted in the present case.

Mr. Findley thought it would be best the door keeper to nominate his deputy, hith comination might be approved or approved by the house. He wished the the election of this officer might postponed till to morrow, to order to and time to examine into the character the person proposed.

Mr. Sloan nominated John Securord as a candidate for the office of assistant door keeper, for he deemed it to be the proper mode first to nominate and then to ballot for the officer in question.

Mr. Randolph enquired of the Speaker f there was not a message received from the Senate, which had not yet been read

The Speaker enswered that there was. He understood that this was accompani ed by a petition from number of American seamen, addressed to the Sepate, which that body had thought of importance cnough to be communicated to this house He presumed that it was at least of conse. quence sufficient to be read.

The message alluded to was read; and on metion of Mr. Alston the petition of the American seamen was referred to the secretary

Mr. Dawson renewed his motion for the ap pointment of a committee of elections.

Mr. Alston thought it best to move the appointment of the standing committees together, as had been heretofore the practice.

Mr. Dawson had no objection to this course. He therefore moved, that a committee of elections, a committee of claims, a committee of commerce and manufactures, a committee of ways and means, a committee of public lands, a committee of revisal and unfinished business, and a committee of accounts, be appointed.

Mr. Blount having always entertained an opinion that it would be best, and would relieve the speaker from a very unpleasant duty, to have these committees appointed by ballot, he would move thus to amend the motion of the gentleman from Virginia. He thought this mode of electing the standing committees, as well as the select committees, to which shall he referred the different subjects contained in the president's communication, would be most satisfactory to the house and the speaker

Mr. Findley observed, that this was a question of considerable importance; and as the house was then very thinly attended, he hoped this resolution, with the proposed amendment, would be permitted to lie on the table till to morrow, and made a motion to this effect.

Mr. Smilie said, the house has in several instances, tried to appoint committees by ballot, but had always found it attended with difficulty; and he new very much doubted the propriety of the proposed amendment.

The Speaker reminded Mr. S. that the motion before the house was for a postponement of the appointment of these committees till to-morrow.

Mr. S. said he meant to give reasons in favor of the postponement. In the election of these committees, it was proper to select the is the case of the door-keeper. He is responsible for the choice he makes, end will therefore exercise great precaution in it. From these considerations, he hoped

ADDITIONAL EVIDENCE. F the great efficacy of the Patent and Family Medicines, prepared by the late Richard Lee, jun. which for near eight years past have acquired throughout the United States a celebrity hitherto unequalled.

Pinladelphia, August 9, 1800.

Being desirous to make public for the good of others, the excellent quality of HAMIL-TON'S ELIXIR, prepared by the late Mr. Lee, I have sent you the following account of the benefit I have received from it, which I hope will induce others to give it a trial. In consequence of a bruise on the breast received from a fall, my health grew bad, my breathing became very difficult, and frequently I have had suddenly to rise up in my bed with all the horrors of immediate suffocation. Add to these a constant pain in my breast and a cough, a great loss of strength and flesh, and you may conceive that my symptoms evidently indicated an approaching consumption. The advice of a most eminent physician was resorted to, and afterwards a second was called in, without giving me any relief. Another physician who knew me and the circumstances of my case, advised me to give Hamilton's Elixir a trial, sayng, he had used it in his practice, and always found it do much good. A bottle was procured from Mr. Birch's, and I found relief before I had takien one half of it. I continued to use it and was soon strong enough to attend to business. On taking cold, same of my formed symptoms r turn, but are always removed by a dose or two of the clixir.

GEO. BENNER, jun. No. 11, Budd-street, Philadelphia Mrs. H. Lec.

From Luther Martin, Eeg. late Attorney-general of the State of Maryland.

I comply with your request in stating my epinion of Hamilton's Elixir. It has been used in my family for two or three years past, with uniform success, whenever colds, coughs, or similar complaints, have rendered medicine necessary I have myself found it an excellent and agreeable remedy for a very painful and troublesome affection of the breast, accompanied with soreness, and with obstructed and difficult breathing.

On these accounts I do not hesitate to recommend Hamilton's Elixir as a valuable medicine, and deserving public attention.

> LUTHER MARTIN HAMILTON'S ELIXIR

Is recommended as the best remedy for coughs, colds, asthmas, hooping-cough, approaching consumptions, and most disorders of the breast and hings. This preparation will prove a valuable acquisition to public speakers who may be subject to temporary hourseness, thickness of speeck, &c. In long confirmed Asthmatic complaints where a cure can speed ily be expected, this medicine affords immediate relief, moderating the fits of coughing, and rendering their recurrence less frequent. On children afficted with the hooping cough, the like beneficial offects may confidently be ex-

ITCH CURED.

By once using Lee's Sovereign Ointment, which, although used for 20 years in Europe and for near 8 years in America, has never been known to fail in any one instance. It is perfectly innocent, warranted not to contain particle or mercury of any peraicious ingredi ent, and may be used with perfect safety on an infant, being a vegetable preparation and entirely free from he offensive small which attends most other remedies.

HAMILTON'S LOZENGES,

Which have sured more children and adults of disorders proceeding from worms, than all the medicines heretofore discovered. In addition to the great cures mentioned in the let ters from the chancellor of the state of Marvland, the Rev. Mr. Molthier and others, lately published the following are submitted to the public, being selected for the purpose of shewing the mild yet howerul qualities of this extraordinary medicine, which, although so mild in its operation, is competent to expel the formidable tape worm.

An infant, aged 5 weeks, of Mr. Henry Ew bank, taylor, Charles-street, Baltimore, was dangerously afflicted with convulsion fits, so that his life was despaired of, but was poweetly cured by one dose of Hamilton's Worm Lozenges, which expelled several worms, the undoubted cause of the child's disorder.

Letter from Mr. Ackerman, bricklayer, Mazazine effect, near Broadway, Jen. 24, 1803. It would be ungrateful were I to withhold my testimony in favorof Hamilton's Worm Destroying Lozenges. I had been between five and six years part much indisposed, and latterly often tormented with severe griping | Both selebrated in the fashionable prorld as and pains in the howels, troubled with

sire breath, with violent feverish fire obvious symptoms of worms; but frequencing your Worm Lozenges recoming in cases similar to mine, I determined trial of them, as my last resource. The dose evacuated twelve or 13 feet of the worm; two other doses were taken, y brought away a quantity of matter broken in skins and pieces of worms. I suppose tape worm, voided at different times, my the whole have exceeded forty feer. The most incredible benefit I received from the medicine, induced me o give a dose to a chi of mine who was pining and sickly: it produ sed the same good effect in this instance, e. pelling a worm of a different kind, from his to twelve inches long, and at the same the restoring a good state of health.

HENRY ACKERMAN

The following new and valuable Medicine, in received and fer sale as above. (Price, Two Dollars for bottle.) Dr. Tiffet's celebrated Goul and Rho. matic Drops.

NOTHING is of more importance the the preservation of health—this common place remark however is too often forcom whilst we are active and strong-and provention of pain, which is superior to its cur, is not sufficiently attended to by any destribute on of persons. Among these disorders which require the most early and unremitting slow to eradicate and overcome, none have a strong er claim upon our notice than the Cout, Rhow, matism, Lumbago, Weakness of the Joins, Sprains, Gleets, the Stone and Gravel, the Cramp and every species of Rheumatic Paint from whatever cause they may have erigineed-and hence every relief which can be alministered is too valuable to be surgotten .-Those persons whose avocations psculiarly expose them to colds, &c. cannot be too anxious Iways to possess immediate aid. Sec-faring persons, travellers, &c. ought constantly w carry with them that medicine which will counteract the unpleasans effects of their perilous duties, and especially those pains to which their situation must expose them. To those who reside in or visit the West-Indies, and other warm climates, they will be found upon trial to convey the most lasting service, and will gradually destroy all tendency to disches in the human frame, and preserve healt vigor. Although a great variety of prescrip.

tions have been published to cure the disorders enumerated above, none has yet equalled the GOUT AND RHEUMATIC DROPS of DR. TISSOT, which are celebrated through. out the European coatment, and whose unbounded benefits are fally authenticated by certificates already published of gentlemen so well known in America, being of the first consequence in the state of Maryland: General Charles Ridgely, of Hampton; John Gibert, Esq. one of the directors of the Farmers' Bank of Maryland; John Macubbin, Esq. Mrs. Maeubbin, his wife; and Mrs. Ryan, of Calton-Certificate of Mr. Thomas Kelso, butcher.

About three weeks since I was most violently attacked with Rheumatic pains throughout my whole frame, in so severe a manner as not to be able to turn in my bed without assistance, proceeding as I suppose from a severe cold on being advised by a friend to apply Dr. Tis set's Gout and Rheumatic Drops, I accordingly obtained from the agents Massrs. George Dobbin and Murphy, two bottles, the application of which, under God, have perfectly restored me to health. I am therefore induced with confidence to recommend this medicine as a certain cure for the above disorder.

THOMAS KELSO. Baltimore, July 22d, 1806.

Certificate of Mr. Thomas Complete, Harnes

It would be an act of injustice to withhold my testimony of the salutary effects of Doctor Tissot's Gout and Rheumatic Drops, as I have experienced a very unequivocal instance of their virtues and efficacy. I was afflicted with two severs attacks of what is usually called Dead Palsy, from which I partially recovered but was obliged to use crutches to aid me in walking when I left home; to this were joine violent Rheumatic pains, the result of the alfliction, and I had feared the disorder would accompany me through life; but providential ly was recommended to apply at George Dobbin and Murphy's for Dr. Tisaot's Drops, and after using only one bottle, found myself perfeetly liberated from my disorder, and em now thank God, as free from pain as if I never has boon afflicted. Finding this medicine open so powerfully on myself, I determined to ap ply it intermally to my child, a boy only elevel months old, who was then reduced almost is a skeleton with the Bowel Complaint; all administering it four times to him, his con plaint was entirely removed, and he is now !covaring his strength with great repidity.
